

Henley Library

Henley Library

“Henley Library officially reopened on 8 April 2025 following a comprehensive 12-week refurbishment that commenced on 6 January. FG Library & Learning collaborated closely with the Henley team to deliver a transformative upgrade to the space. Key enhancements include the installation of agile shelving solutions and the creation of a vibrant, interactive children's area. The revitalised library now stands as a brighter, greener, and more welcoming hub for the Henley community, supporting a more engaging and accessible user experience.”
