Crafting Excellence: Bespoke Library Furniture and Beyond

Where passion meets professionalism, and innovation thrives.

Discover a world where precision meets passion at FG Library & Learning. With six cutting-edge production sites in Northampton, Haverhill, Wakefield, Rotherham, Royston and Kimbolton, our state-of-the-art machinery, coupled with timeless craftsmanship, ensures that every piece of our library furniture reflects unparalleled quality, both structurally and aesthetically.

Joinery Mastery

Our commitment to excellence extends to every corner of our joinery process. From raw material selection to finishing touches, we leave no aspect of production to chance. No subcontracting means complete control, allowing us to guarantee that each piece adheres to our exacting standards. Our skilled cabinetmakers and engineers meticulously craft each item, subjecting it to rigorous inspections at every stage.

The result? Impeccable craftsmanship visible in every piece, meeting ISO 9001 standards.

Graphics, Signage & Acrylics: Elevating Environments

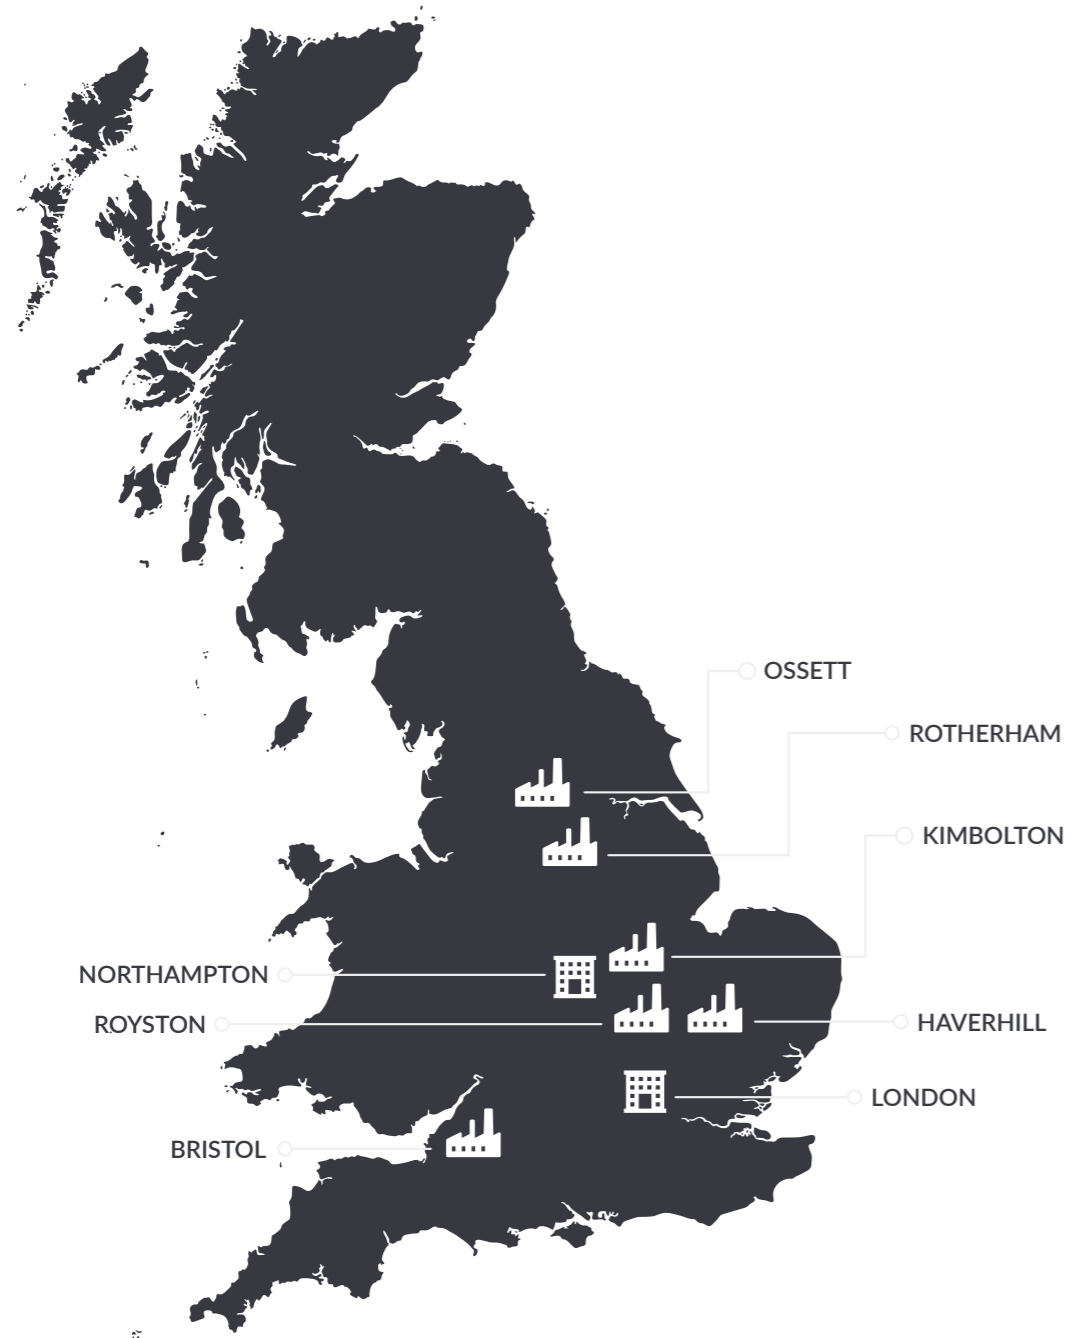

In the evolving landscape of library and learning spaces, graphics, signage, and acrylics play a pivotal role. At FG Library & Learning, we craft bespoke products tailored to your vision. From graphics and signage to acrylic display products, we bring your ideas to life, enhancing the aesthetic and functionality of your space.

For a bespoke library furniture solution or to delve into our diverse offerings, contact us today. Your vision, our commitment to excellence.

Capabilities & Infrastructure

FG Library & Learning operates six advanced production and distribution sites in Northampton, Haverhill, Wakefield, Rotherham, Royston, and Kimbolton, ensuring high-quality, precisely crafted library furniture. Quality and service remain at the heart of everything we do. Our ISO 9001/ISO 45001 accreditations, many satisfied customers and volume of repeat business is a testament to this.

Our in-house team controls every stage of production, meeting ISO 9001 standards for impeccable craftsmanship at our BREAM accredited head office. We are able to work on projects of varying size and complex, manufacturing both standard and bespoke, made-to-measure product.

Project Management

Our experienced team manages every aspect of library fit outs, from partitions and decoration to ceilings and flooring, ensuring seamless project execution. History shows that our clients benefit from additional support when it comes to coordinating the often-complex elements of fitting out a new library or learning space. Our site teams are specialists in liaising with any third parties you may be working with. This ensures that your project runs smoothly and is completed on time, and on budget.

Utilising UK manufacturing and locally sourced materials where possible, enables us to remain at the forefront of the design and delivery efficiencies.

Deliveries may be routed to our warehousing facilities and collated or delivered direct to site. This provides greater flexibility over scheduling, reduces CO2 emissions through reduced 'product miles' and provides the optimum scenario for meeting client expectations. Our ISO accreditations and methodology ensure that deliveries are completed and undamaged on dispatch.

In Haverhill, UK our dedicated site orchestrates the design and manufacturing of a broad range of acoustic solutions, from pods and booths to screens and panelling.

In the US, FG Library US is a leading library furniture designer, manufacturer and supplier with facilities in Holland, Michigan. We have been supplying furniture for both public and school library spaces for over 20 years, establishing in the UK and bringing the products to the US market.

Working with us

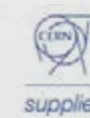

Collaboration is at the heart of what we do

We take the time to grasp the unique aspirations and requirements of each client.

Leveraging our extensive supply chain, coupled with in-house manufacturing capabilities and industry expertise, we craft solutions that not only meet but exceed expectations. Every decision is informed by a commitment to sustainability, ensuring that our choices resonate with your vision while minimising ecological footprint.

Customers we've worked with:

Acoustics Redefined

In 2024, we joined forces with Caimi Brevetti S.P.A.

Europe's leading acoustic solutions company, to introduce groundbreaking technologies to the UK. The newly formed brand, 'Caimi by Frem Group,' offers the entire Caimi Interiors and Snowsound collections. Using unique Caimi software, Frem Group provides precise acoustic analysis and recommends tailored sound-absorbing solutions for your space.

Welcome to Exceptional Library Design

Embark on a journey of innovative library design with FG Library & Learning – where your vision meets our expertise. Whether your project is a small reading nook or an expansive educational space, our bespoke library design service is crafted to elevate every corner of your vision. Our highly experienced design team seamlessly guides you through the entire process, from the initial concept to the final installation.

Why Choose FG Library & Learning for Your Library Design Project?

Our commitment goes beyond the scale of your project; it's about understanding your unique needs and transforming them into a dynamic and inspiring library.

With years of expertise in producing exceptional educational and public library spaces, we pride ourselves on being experts in the field. Whether through in-person consultations or seamless remote communication via phone or email, our expert team is dedicated to making your vision a reality.

Turning Ideas into Reality – On Time, On Budget

At FG Library & Learning, we understand that turning creative aspirations into tangible spaces requires more than just design – it demands project management prowess.

With our vast experience, we not only produce creative ideas but also manage the entire project seamlessly. From the initial brief to consultation, planning, design, and installation, we are your dedicated partners in ensuring your vision is delivered on time and on budget.

Our Process

At FG Library & Learning, our design process is a meticulous journey fuelled by creativity and a passion for education.

1 Consultation and Vision:

We begin by understanding your vision and objectives. Whether it's revamping an existing library or creating a themed reading corner, we work closely with you to grasp the unique needs of your primary school.

2 Space Planning:

Our expert designers leverage their creativity to optimise space, ensuring that every nook and corner serves a purpose. From cosy reading corners to multi-use spaces, we design with versatility in mind.

3 Bespoke Solutions:

Tailoring our designs to your specific requirements is our forte. Bespoke shelving, themed furniture, and vibrant colour schemes are integrated to craft spaces that resonate with the imagination of young minds.

4 Practical Implementation:

We understand the importance of functionality. Our designs seamlessly blend aesthetics with practicality, creating spaces that are not only visually appealing but also highly functional.

5 Reading for Pleasure Integration:

Central to our inclusive library design and flexible service, is the promotion of reading for pleasure. Our designs aim to make reading an enchanting and enjoyable experience for all ages.

“Our library design service starts with you, understanding what you want to achieve from a space and how best that can be realised.

We will start by taking a detailed brief outlining what is required, this will then be interpreted by our team of designers to create something practical, functional, creative, and inspiring.

By using our design service, you gain a vast knowledge and creative resource that can take your project from acceptable to exceptional. Expertly crafting a space to work along with staff and visitors.

We love to work alongside our customers, to involve them in the whole process, ensuring we meet their needs. From simple space plans to full 3d visualisation, you will gain the benefits of fully realising your space and it's potential.”
